All of our Pottery Pots Platinum products are handmade. This means each item is unique and handcrafted. Whilst we endeavour to ensure that our products are always produced in the highest quality possible, products might show minor discrepancies in colour, finish and consistency due to the nature of the handmade process.

In buying these handmade goods you acknowledge the above and that there will be slight variations in the production of each single product. Pottery Pots will not accept returns of any of these goods on the basis that they are defective or do not exactly match the image on the website.

Recommended for indoor use only: Best if not directly exposed to the elements.

Care Instructions: Clean with soft damp cloth and dry directly with soft cloth to avoid stains.

Waterproof: Nevertheless, we recommend to use Inliners.

Special note for the fruit range: NEVER USE THE STEM TO PICKUP THE PRODUCT!

Art. 1 Applicability

- 1.1 All offers are made subject to the applicability of these general terms and conditions of delivery and payment, such with respect to the offer itself, the acceptance of the offer, the order confirmation and the agreement that is subsequently concluded.
- 1.2 All offers are valid for the period of one month, unless otherwise specified in the offer.
- 1.3 The agreement is concluded as soon as Pottery Pots BV has received the acceptance of the offer and this is followed by an order confirmation to be sent to the buyer by Pottery Pots BV; it should be evident from this acceptance that the buyer agrees to the applicability of these general terms and conditions of delivery and payment and that the buyer, if necessary, renounces the applicability of any terms and conditions of purchase of his own.

Art. 2 Changes

- 2.1 Changes to the purchase agreement and deviations to these general terms and conditions of sale will only be considered valid if these have been agreed upon between the buyer and Pottery Pots BV in writing or verbally.

The buyer agrees to the fact that – and is aware that – the products are handmade, and so Pottery Pots BV cannot guarantee 100% likeness between the ordered products and the purchased products, which has no effect on the quality as promised and agreed upon.
- 3.2 Pottery Pots BV binds itself towards the buyer to supply goods that:
 - a. have been manufactured with sound materials and that they are of solid construction;
 - b. resemble in all respects and as much as possible any samples or models that have been made available or provided by Pottery Pots BV and/or the buyer (with the exception of that stated in paragraph 1 of this article);
 - c. are described in the order confirmation.

- 3.4 If the product(s) supplied is/are found to have a structural defect within two years after delivery, then the buyer, provided that he has subjected the goods to normal use, is to immediately inform Pottery Pots BV accordingly.
- 3.5 The buyer will have no right to lodge a complaint after a period of two years has passed.

Art. 4 Packaging and dispatching

- 4.1 Pottery Pots BV binds itself towards the buyer to adequately package the goods and to secure these in such a way that they will reach their destination in good condition provided that they are appropriately transported.
- 4.2 The goods will be delivered by Pottery Pots BV, or dispatched for the purpose of delivery, to the location or locations as agreed upon in the manner or manners as specified in the order or agreed upon at a later date.
- 4.3 Buyer agrees to – and is aware – that the transport is to mainly take place by water and that the terms of delivery can therefore not be guaranteed down to a specific day.
- 4.4 In the event that Pottery Pots BV has made loading pallets, packing cases, crates, containers, etcetera available for the packaging and the transport, or has engaged a third party to do so – whether or not on payment of a deposit or security – then the buyer is under the obligation (unless single-use packaging has been used) to return these loading pallets, et cetera, to the address as specified by Pottery Pots BV, in default of which the buyer will owe Pottery Pots BV compensation for damages.
- 4.5 Buyer binds himself to immediately inspect the goods in terms of amounts and transport damage upon delivery and, depending upon the outcome of the inspection, to proceed to sign/refuse to sign for the adequate delivery of the lot.

Art. 5 Transfer of ownership and risk

- 5.1 Subject to that stated in paragraphs 2 and 4 of this article, the ownership and the risk of the goods will be transferred to the buyer upon delivery, unless the parties have agreed otherwise (for example if the buyer pays for the transport and the ownership is transferred at of the time of shipping, the so-called Free on Board principle).
- 5.2 Pottery Pots BV reserves the right of ownership of the goods for as long as the buyer has not paid the purchase price, and any additional costs if applicable, in full or has not provided surety to that end. The ownership is to be transferred to the buyer in such cases as soon as the buyer has met all of his obligations towards Pottery Pots BV.
- 5.3 In the event that Pottery Pots BV has reasonable doubt regarding the payment capacity of the buyer, then Pottery Pots BV will be authorised to postpone the delivery of the goods further to article 4, paragraph 2, until the buyer has provided surety for the payment(s). The buyer will be liable for any damages suffered by Pottery Pots BV further to this postponed delivery.
- 5.4 If Pottery Pots BV postpones the delivery at the request of the buyer in accordance with that stated in article 5, then the goods will remain the property of Pottery Pots BV and will remain at the risk thereof, such until the goods have been supplied to the buyer and delivered at the location or locations as referred to in article 4, paragraph 2.

Art 6. Time and delivery

- 6.1 Pottery Pots BV will deliver the goods at the time specified in the order confirmation or immediately after the end of the term of delivery, respectively. If the parties have agreed on a term of delivery, then this term will commence on the date upon which Pottery Pots BV confirms the order.
- 6.2 Timely delivery will always take place subject to the condition that the current stocks allow for this. If this is not the case, then the buyer will receive notification in which Pottery Pots BV is to specify the expected deviating term of delivery, which term will not in any case exceed 150 days.
- 6.3 Any delays in the transport (which mainly takes place by waterways) will not give rise on the part of the buyer to dissolve the agreement and will not constitute any grounds to claim compensation for damages.

Art. 7 Circumstances beyond one's control

- 7.1 The term of delivery as referred to in article 6 is to be extended by the period during which Pottery Pots BV is prevented from meeting its obligations due to circumstances beyond its control.
